

## Camp Bluff Lake

### DESCRIPTION OF MAJOR SERVICES

Camp Bluff Lake is a 120-acre camp located in the San Bernardino Mountains near the City of Big Bear. The Camp is currently owned by The Wildlands Conservancy. The Board of Supervisors approved an agreement with The Conservancy for the county's use of the Camp Bluff Lake facility for a children's summer camping program. The camp provides children with recreational opportunities and the ability to increase their appreciation of the wonders of nature. Seizing the opportunity to expand its youth services program, the Board of Supervisors approved another agreement with The Conservancy to develop an Environmental Science Day Camp program, a one-day environmental studies retreat for elementary school children. Income and expenses for both youth services programs are being accounted for in this enterprise fund.

Appropriation was approximately \$47,000 greater than budget principally due to the cost of salaries and benefits for eight naturalists working under the Environmental Science Day Camp program. These positions were not included in the 2006-07 budget because this new program commenced during the year. These positions were funded by a grant from The Wildlands Conservancy for the Environmental Science Day Camp program.

Salaries and benefits of \$171,714 fund 5.9 positions. The \$94,939 increase reflects the inclusion of 4.4 extra-help positions for the Environmental Science Day Camp program.

Services and supplies of \$16,265 include miscellaneous supplies for the Environmental Science Day Camp program. A decrease of \$41,195 is primarily the result of operations at Camp Bluff Lake being suspended for the 2007 summer season.

Transfers of \$64,985 represent reimbursements to the Regional Parks general fund budget unit for salary and benefit costs related to the Youth Services Coordinator position that oversees the Environmental Science Day Camp program. A decrease of \$22,403 is anticipated due to reduced salary and benefit costs for the coordinator overseeing Camp Bluff Lake operations.

Use of money and property of \$5,200 is for interest earned on the fund's cash balance.

Current services revenues are not anticipated in 2007-08 based on a suspension of operations at Camp Bluff Lake for the 2007 summer season.

Other revenue of \$200,000 is anticipated from grants to fund the Environmental Science Day Camp program.
